PROXY STATEMENT

GENERAL INFORMATION

We are providing this proxy statement to you in connection with the solicitation of proxies by the Board of Directors of Beneficial Mutual Bancorp, Inc. for the 2012 annual meeting of stockholders and for any adjournment or postponement of the meeting. In this proxy statement, we may also refer to Beneficial Mutual Bancorp, Inc. as “Beneficial Mutual Bancorp,” the “Company,” “we,” “our” or “us.”

Beneficial Mutual Bancorp is the holding company for Beneficial Bank, which has also operated under the name Beneficial Mutual Savings Bank. In this proxy statement, we may also refer to Beneficial Bank as the “Bank.”

We are holding the 2012 annual meeting at the Company’s headquarters located in the Penn Mutual Towers at 510 Walnut Street, 19th Floor, Philadelphia, Pennsylvania on Thursday, May 17, 2012, at 9:30 a.m., local time.

We intend to mail a notice of internet availability of proxy materials to stockholders of record beginning on or about April 5, 2012.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS
FOR THE STOCKHOLDER MEETING TO BE HELD ON MAY 17, 2012**

This proxy statement and the Company’s 2011 Annual Report to Stockholders are available at <http://ir.thebeneficial.com/annuals.cfm>.

On this website, the Company also posts the Company’s 2011 Annual Report on Form 10-K, as filed with the U.S. Securities and Exchange Commission, including the Company’s 2011 audited consolidated financial statements.

INFORMATION ABOUT VOTING

Who Can Vote at the Meeting

You are entitled to vote your shares of Beneficial Mutual Bancorp common stock that you owned as of March 23, 2012. As of the close of business on March 23, 2012, a total of 80,225,142 shares of Beneficial Mutual Bancorp common stock were outstanding, including 45,792,775 shares of common stock held by Beneficial Savings Bank MHC. Each share of common stock has one vote.

The Company’s charter provides that, until July 13, 2012, record holders of the Company’s common stock, other than Beneficial Savings Bank MHC, who beneficially own, either directly or indirectly, in excess of 10% of the Company’s outstanding shares are not entitled to any vote with respect to those shares held in excess of the 10% limit.

Ownership of Shares; Attending the Meeting

You may own shares of Beneficial Mutual Bancorp in one of the following ways:

- Directly in your name as the stockholder of record; or
- Indirectly through a broker, bank or other holder of record in "street name."

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us or to vote in person at the meeting.

As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Your broker, bank or other holder of record may allow you to provide voting instructions by telephone or by the Internet. Please see the instruction form provided by your broker, bank or other holder of record that accompanies this proxy statement. If you hold your shares in street name, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of Beneficial Mutual Bancorp common stock held in street name in person at the meeting, you must obtain a written proxy in your name from the broker, bank or other nominee who is the record holder of your shares.

Quorum and Vote Required

Quorum. We will have a quorum and will be able to conduct the business of the annual meeting if the holders of a majority of the outstanding shares of common stock entitled to vote are present at the meeting, either in person or by proxy.

Votes Required for Proposals. At this year's annual meeting, stockholders will elect two directors to serve for a term of three years and one director to serve for a term of two years. In voting on the election of directors, you may vote in favor of the nominees, withhold votes as to all nominees, or withhold votes as to specific nominees. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast at the annual meeting. This means that the nominees receiving the greatest number of votes will be elected.

In voting on the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm, you may vote in favor of the proposal, vote against the proposal or abstain from voting. To ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2012, the affirmative vote of a majority of votes cast at the annual meeting is required.

In voting on the non-binding resolution to approve the compensation of the Company's named executive officers, you may vote in favor of the proposal, vote against the proposal or abstain from voting. To approve the non-binding resolution, the affirmative vote of a majority of the votes cast at the annual meeting is required. The results of the vote on the compensation of the named executive officers are not binding on the Board of Directors.

Effect of Not Casting Your Vote. If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors. In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank or broker was allowed to vote those shares on your behalf in the election of directors as they deemed appropriate.

Recent changes in regulation were made to take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary basis. Therefore, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, no votes will be cast on your behalf. These are referred to as “broker non-votes.” Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company’s independent registered public accounting firm. If you are a stockholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the annual meeting.

How We Count Votes. If you return valid proxy instructions or attend the meeting in person, we will count your shares to determine whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted to determine the existence of a quorum.

In the election of directors, votes that are withheld will have no effect on the outcome of the election.

In counting votes on the proposal to ratify the selection of the Company’s independent registered public accounting firm and the non-binding resolution to approve the compensation of the Company’s named executive officers, abstentions will have the same effect as a vote against the proposals and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the voting on the proposals.

Because Beneficial Savings Bank MHC owns in excess of 50% of the outstanding shares of Beneficial Mutual Bancorp common stock, the votes it casts will ensure the presence of a quorum and determine the outcome of each of the proposals to be considered by stockholders at the annual meeting.

Voting by Proxy

The Company’s Board of Directors has prepared this proxy statement to request that you allow your shares of Company common stock to be represented at the annual meeting by the persons named in the Company’s proxy card. All shares of Company common stock represented at the meeting by properly executed and dated proxies will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company’s Board of Directors. The Board of Directors recommends that you vote:

- “**FOR**” each of the nominees for director;
- “**FOR**” the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm; and
- “**FOR**” the approval of the compensation of the Company’s named executive officers.

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named in the proxy card will use their judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the annual meeting to solicit additional proxies. If the annual meeting is postponed or adjourned, your shares of Company common stock may be voted by the persons named in the proxy card on the new meeting date, provided that the new meeting occurs within 30 days of the annual meeting date and you have not revoked your proxy. The Company does not currently know of any other matters to be presented at the annual meeting.

You may revoke your proxy at any time before the vote is taken at the annual meeting. To revoke your proxy, you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later-dated proxy or attend the meeting and vote your shares in person. Attendance at the annual meeting will not in itself constitute revocation of your proxy.

Instead of voting by mailing a proxy card, registered stockholders can vote their shares of Company common stock via the Internet or by telephone. The Internet and telephone voting procedures are designed to authenticate stockholders' identities, allow stockholders to provide their voting instructions and confirm that their instructions have been recorded properly. Specific instructions for Internet and telephone voting are set forth on the Company's proxy card. The deadline for voting via the Internet or by telephone is 11:59 p.m., Eastern time, on Wednesday, May 16, 2012.

Participants in the Beneficial Mutual Savings Bank Employee Savings and Stock Ownership Plan and/or the Beneficial Mutual Bancorp, Inc. 2008 Equity Incentive Plan

If you participate in the Beneficial Mutual Savings Bank Employee Savings and Stock Ownership Plan (the "KSOP"), you will receive a voting instruction card that reflects all shares you may direct the trustee to vote on your behalf under the KSOP. Under the terms of the KSOP, all credited shares of Beneficial Mutual Bancorp common stock held by the KSOP trust are voted by the KSOP trustee, as directed by plan participants. All shares of Company common stock held in the KSOP trust that have not been credited to participants' accounts, and all credited shares for which no timely voting instructions are received, are voted by the KSOP trustee in the same proportion as shares for which the trustee has received timely voting instructions, subject to the exercise of its fiduciary duties. If you participate in the Beneficial Mutual Bancorp, Inc. 2008 Equity Incentive Plan (the "Equity Incentive Plan"), you will also receive a voting instruction card for the purpose of directing the Equity Incentive Plan trustee how to vote the unvested shares of Company common stock awarded to you under the Equity Incentive Plan. **The deadline for returning your voting instruction cards is May 10, 2012.**

CORPORATE GOVERNANCE AND BOARD MATTERS

Director Independence

The Company's Board of Directors currently consists of thirteen members. Each of the Company's directors is independent under the listing requirements of the Nasdaq Stock Market, Inc., except for Mr. Gerard P. Cuddy, whom we currently employ as President and Chief Executive Officer.

Board Leadership Structure and Board's Role in Risk Oversight

The Company's Board of Directors endorses the view that one of its primary functions is to protect stockholders' interests by providing independent oversight of management, including the Chief Executive Officer. However, the Board does not believe that mandating a particular structure, such as a separate Chairman and Chief Executive Officer, is necessary to achieve effective oversight. The Board of the Company is currently comprised of thirteen directors, twelve of whom are independent directors under the listing standards of the Nasdaq Stock Market. The Chairman of the Board has no greater nor lesser vote on matters considered by the Board than any other director, and the Chairman does not vote on any related party transaction. All directors of the Company, including the Chairman, are bound by fiduciary obligations, imposed by law, to serve the best interests of the stockholders. Accordingly, separating the offices of Chairman and Chief Executive Officer would not serve to enhance or diminish the fiduciary duties of any director of the Company. In addition, the Company has appointed Ms. Elizabeth H. Gemmill, an independent director, to serve as Lead Director. Among other things, the Lead Director position assists the Chief Executive Officer with his Board duties thereby allowing him to better focus on the responsibilities of running the Company.

To further strengthen the regular oversight of the full Board, all various committees of the Board are comprised of independent directors. The Compensation Committee of the Board consists solely of independent directors. As detailed in its report and the Compensation Discussion and Analysis appearing elsewhere in this proxy statement, the Compensation Committee reviews and evaluates the performance of all executive officers of the Company, including the Chief Executive Officer and reports to the Board. In addition, the Audit Committee, which is comprised solely of independent directors, oversees the Company's financial practices, regulatory compliance, accounting procedures and financial reporting functions.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and the risks facing the Company. Senior management also attends Board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters.

Corporate Governance Policies

The Board of Directors has adopted a corporate governance policy to govern certain activities, including: the duties and responsibilities of directors; the composition, responsibilities and operations of the Board of Directors; the establishment and operation of Board committees; succession planning; convening executive sessions of independent directors; the Board of Directors' interaction with management and third parties; and the evaluation of the performance of the Board of Directors and of the President and Chief Executive Officer.

Committees of the Board of Directors

The following table identifies our standing committees and their members at December 31, 2011. All members of each committee are independent in accordance with the listing requirements of the Nasdaq Stock Market, Inc. Each committee operates under a written charter that is approved by the Board of Directors that governs its composition, responsibilities and operation. Each committee reviews and reassesses the adequacy of its charter at least annually. The charters of all three committees are available in the Corporate Governance portion of the Investor Relations section of our website (www.thebeneficial.com).

Audit Committee

The Audit Committee assists the Board of Directors in its oversight of the Company's accounting, auditing, internal control structure and financial reporting matters, the quality and integrity of the Company's financial reports and the Company's compliance with applicable laws and regulations. The Committee is also responsible for engaging the Company's independent registered public accounting firm and monitoring its conduct and independence. The Board of Directors has designated Frank A. Famesi as an audit committee financial expert under the rules of the Securities and Exchange Commission. Mr. Famesi is independent under the listing requirements of the Nasdaq Stock Market, Inc. applicable to audit committee members.

Compensation Committee

The Compensation Committee approves the compensation objectives for the Company and the Bank, establishes the compensation for the Company's senior management and conducts the performance review of the President and Chief Executive Officer. The Compensation Committee reviews all components of compensation, including salaries, cash incentive plans, long-term incentive plans and various employee benefit matters. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors. The Committee also assists the Corporate Governance Committee and the Board of Directors in evaluating potential candidates for executive positions. See "*Compensation Discussion and Analysis*" for a discussion of the role of management and compensation consultants in determining and/or recommending the amount or form of executive compensation.

Consistent with new SEC disclosure requirements, the Compensation Committee has assessed the Company's compensation programs and has concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Our internal risk management officer has also assessed the Company's executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. This risk assessment process included a review of program policies and practices; a program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control, and the support of the programs and their risks to company strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and our risk management practices; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Compensation "clawback" provisions have been included in our equity award agreements and our Management Incentive Plan. These provisions give us the right to cancel or recoup awards in the event an employee alters, inflates or inappropriately manipulates the Company's financial results or violates any other recognized ethical business standards.

Corporate Governance Committee

The Company's Corporate Governance Committee assists the Board of Directors in: (i) identifying individuals qualified to become Board members, consistent with criteria approved by the Board; (ii) recommending to the Board the director nominees for the next annual meeting; (iii) implementing policies and practices relating to corporate governance, including implementation of and monitoring adherence to corporate governance guidelines; and (iv) recommending director nominees for each committee.

Minimum Qualifications. The Corporate Governance Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. A candidate must meet the eligibility requirements set forth in the Company's Bylaws, which include a requirement that the candidate not have been subject to certain criminal or regulatory actions. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents.

If the candidate is deemed eligible for election to the Board of Directors, the Corporate Governance Committee will then evaluate the following criteria in selecting nominees:

- Contributions to the range of talent, skill and expertise of the Board;
- Financial, regulatory and business experience, knowledge of the banking and financial service industries, familiarity with the operations of public companies and ability to read and understand financial statements;
- Familiarity with the Company's market area and participation in and ties to local businesses and local civic, charitable and religious organizations;
- Personal and professional integrity, honesty and reputation;
- The ability to represent the best interests of the stockholders of the Company and the best interests of the institution;
- The ability to devote sufficient time and energy to the performance of his or her duties;

-
- Independence under applicable Securities and Exchange Commission and listing definitions; and
 - Current equity holdings in the Company.

The Corporate Governance Committee also will consider any other factors it deems relevant, including diversity, competition, size of the Board of Directors and regulatory disclosure obligations. The Committee will also consider the extent to which the candidate helps the Board of Directors reflect the diversity of the Company's stockholders, employees, customers and communities. The Committee also may consider the current composition and size of the Board of Directors, the balance of management and independent directors and the need for audit committee expertise.

With respect to nominating an existing director for re-election to the Board of Directors, the Corporate Governance Committee will consider and review an existing director's Board and committee attendance and performance; length of Board service; the experience, skills and contributions that the existing director brings to the Board; and independence.

Director Nomination Process. The process that the Corporate Governance Committee follows to identify and evaluate individuals to be nominated for election to the Board of Directors is as follows:

For purposes of identifying nominees for the Board of Directors, the Corporate Governance Committee relies on personal contacts of the committee members and other members of the Board of Directors, as well as its knowledge of members of the communities served by the Bank. The Corporate Governance Committee will also consider director candidates recommended by stockholders in accordance with the policy and procedures set forth below. The Corporate Governance Committee has not previously used an independent search firm to identify nominees.

In evaluating potential nominees, the Corporate Governance Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under the criteria set forth above. If such individual fulfills these criteria, the Corporate Governance Committee will conduct a check of the individual's background and interview the candidate to further assess the qualities of the prospective nominee and the contributions he or she would make to the Board.

Considerations of Recommendations by Stockholders. It is the policy of the Corporate Governance Committee of the Board of Directors of the Company to consider director candidates recommended by stockholders who appear to be qualified to serve on the Company's Board of Directors. The Corporate Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Corporate Governance Committee does not perceive a need to increase the size of the Board of Directors. To avoid the unnecessary use of the Corporate Governance Committee's resources, the Corporate Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below.

Procedures to be Followed by Stockholders. To submit a recommendation of a director candidate to the Corporate Governance Committee, a stockholder should submit the following information in writing, addressed to the Chairman of the Corporate Governance Committee, care of the Corporate Secretary, at the main office of the Company:

1. The name of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934;

3. The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
4. As to the stockholder making the recommendation, the name and address of such stockholder as they appear on the Company's books; provided, however, that if the stockholder is not a registered holder of the Company's common stock, the stockholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and
5. A statement disclosing whether such stockholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of stockholders, the recommendation must be received by the Corporate Secretary of the Company at least 30 days before the date of the annual meeting.

The following table provides the compensation received by individuals who served as non-employee directors of the Company during the 2011 fiscal year. The table excludes perquisites, which did not exceed \$10,000 in the aggregate for any director.

- (1) Reflects the grant date fair value calculated in accordance with FASB ASC Topic 718 on outstanding restricted stock awards for each director based upon the Company's stock price of \$8.38 as of May 27, 2011, the date of grant. When shares become vested and are distributed from the trust in which they are held, the recipient will also receive an amount equal to accumulated cash and stock dividends (if any) paid with respect thereto, plus earnings thereon. At December 31, 2011, the aggregate number of unvested restricted stock award shares held in trust was 20,000 for Mr. Nise, 4,500 for Ms. Buchholz and Mr. Gayhardt and 16,000 for each of the other named directors with stock awards.
- (2) Reflects the grant date fair value calculated in accordance with FASB ASC Topic 718 on outstanding stock option awards for each of the non-employee directors, based upon a fair value of \$3.29 for each option using the Black-Scholes option pricing model. For information on the assumptions used to compute fair value, see Note 17 to the Notes to the Financial Statements included in the Company's Annual Report to Stockholders for the year ended December 31, 2011. The actual value, if any, realized by a director from any option will depend on the extent to which the market value of the common stock exceeds the exercise price of the option on the date the option is exercised. Accordingly, there is no assurance that the value realized by a director will be at or near the value estimated above. The aggregate outstanding stock options at December 31, 2011 was 10,000 for Ms. Buchholz and Mr. Gayhardt and 65,000 for each of the other named directors with 2011 stock option awards.
- (3) These amounts represent the Philadelphia city wage tax that the directors incurred in connection with their Board and committee fees. The Company pays the Philadelphia wage tax on behalf of its directors.

The following table sets forth the applicable retainers and fees that will be paid to non-employee directors for their service on the Bank's Board of Directors during 2012. In addition, the Code of Ethics and Business Conduct is designed to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full and accurate disclosure and compliance with all applicable laws, rules and regulations. AUDIT-RELATED MATTERS

Report of the Audit Committee

The Company's management is responsible for the Company's internal controls and financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those financial statements with generally accepted accounting principles. The independent registered public accounting firm is also responsible for issuing an attestation report on management's assessment of the Company's internal control over financial reporting. The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors and in accordance with the Audit Committee Charter. The Charter is available in the Corporate Governance portion of the Investor Relations section of our website (www.thebeneficial.com). A copy can also be obtained from the Company's Corporate Secretary.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 114 (*The Auditor's Communication With Those Charged With Governance*), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality, and not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the firm's independence from the Company and its management. In concluding that the registered public accounting firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm who, in their report, express an opinion on the conformity of the Company's financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent registered public accounting firm is "independent."

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the Securities and Exchange Commission. The Audit Committee also has approved, subject to stockholder ratification, the selection of the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012.

On April 3, 2012, the Company dismissed Deloitte & Touche LLP, which had previously served as independent auditors for the Company. The decision to dismiss Deloitte & Touche LLP was approved by the Audit Committee of the Board of Directors.

The audit reports of Deloitte & Touche LLP on the consolidated financial statements of the Company for the years ended December 31, 2011 and 2010 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2011 and 2010 and through the subsequent interim period preceding the date of Deloitte & Touche LLP's dismissal, there were: (1) no disagreements between the Company and Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Deloitte & Touche LLP would have caused them to make reference thereto in their reports on the Company's financial statement for such years, and (2) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

On April 3, 2012, the Audit Committee of the Board of Directors engaged KPMG LLP as the Company's independent registered public accounting firm. During the fiscal years ended December 31, 2011 and 2012 and the subsequent interim period preceding the engagement of KPMG LLP, the Company did not consult with KPMG LLP regarding (1) the application of accounting principles to a specified transaction, either completed or proposed; (2) the type of audit opinion that might be rendered on the Company's financial statements, and KPMG LLP did not provide any written report or oral advice that KPMG LLP concluded was an important factor considered by the Company in reaching a decision as to any such accounting, auditing or financial report issues; or (3) any matter that was either the subject of a disagreement with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure or the subject of a reportable event.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm. The Audit Committee is responsible for appointing, setting the compensation and overseeing the work of the independent registered public accounting firm. In accordance with its charter, the Audit Committee approves, in advance, all audit and permissible non-audit services to be performed by the independent auditor. Such approval process ensures that the external auditor does not provide any non-audit services to the Company that are prohibited by law or regulation.

In addition, the Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. Requests for services by the independent registered public accounting firm for compliance with the auditor services policy must be specific as to the particular services to be provided. The request may be made with respect to either specific services or a type of service for predictable or recurring services. During the year ended December 31, 2011, all services were approved, in advance, by the Audit Committee in compliance with these procedures.

The Board of Directors recommends that stockholders vote "FOR" the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the 2012 fiscal year.

Item 3 — Advisory Vote on Executive Compensation

At last year's annual meeting, we provided our stockholders with the opportunity to cast an advisory vote regarding the compensation of our named executive officers as disclosed in the proxy statement for the Company's 2011 annual meeting of stockholders. This proposal, commonly known as a "say-on-pay" proposal, gives the Company's stockholders the opportunity to endorse or not endorse the Company's executive pay program and policies. At our 2011 annual meeting, our stockholders overwhelmingly approved the say-on-pay proposal. We also asked our stockholders to indicate if we should hold a say-on-pay vote every one, two or three years. Consistent with the recommendation of our Board of Directors, our stockholders indicated by advisory vote their preference to hold a say-on-pay vote annually. After consideration of the 2011 voting results, and based upon its prior recommendation, our Board of Directors elected to hold a stockholder say-on-pay vote annually. Accordingly, this year we are again providing stockholders the opportunity to endorse or not endorse the Company's executive pay program and policies through the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the “*Compensation Discussion and Analysis*,” compensation tables and related narrative discussion contained in the 2012 proxy statement is hereby approved.”

As described in the “*Compensation Discussion and Analysis*” included in this proxy statement, we believe that our executive compensation program is designed to support the Company’s long-term success by achieving the following objectives:

- Attracting and retaining talented senior executives;
- Tying executive pay to Company and individual performance;
- Supporting our annual and long-term business strategies; and
- Aligning executives’ interests with those of the Company’s stockholders.

We urge stockholders to read the “*Compensation Discussion and Analysis*” and the related narrative and tabular compensation disclosure included in this proxy statement. The “*Compensation Discussion and Analysis*” provides detailed information regarding our executive compensation program, policies and procedures, as well as the compensation of our named executive officers.

This advisory vote on the compensation of our named executive officers is not binding on us, our Board or the Compensation Committee. However, our Board and the Compensation Committee will review and consider the outcome of this advisory vote when making future compensation decisions for our named executive officers.

The Board of Directors recommends that stockholders vote “FOR” the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the *Compensation Discussion and Analysis*, compensation tables and related narrative discussion contained in this proxy statement.

See "*Elements Used to Implement Our Compensation Objectives—Short-Term Cash-Based Compensation*" for detail on Mr. Cuddy's 2011 Management Incentive Plan performance goals. In addition, Mr. Cuddy provided the Compensation Committee with a self assessment and the Chairpersons of the Compensation and Governance Committees solicited input from the Board of Directors on Mr. Cuddy's overall job performance. In its evaluation, the Compensation Committee noted that Mr. Cuddy continues to exhibit strong business and leadership skills and is moving the Company in a direction that will enhance long-term shareholder value. Mr. Cuddy also continues to be an effective spokesperson for Beneficial Mutual and its affiliates and works closely with our investors and financial analysts. Based on Mr. Cuddy's 2011 job performance, and upon review of salary peer group data presented by Pearl Meyer & Partners, the Compensation Committee increased Mr. Cuddy's base salary by 7.8% to \$550,000, effective March 2012. Mr. Cuddy's salary adjustment reflects our continued usage of market median as a reference when reviewing base pay. See "*Benchmarking and Peer Group Analysis*" for a list of our 2011 peer institutions.

Mr. Cuddy conducted individual performance appraisals for our other named executive officers and presented them to the Compensation Committee. Based on the Company's financial performance, each executive's job performance in 2011, job responsibilities and salary survey data provided by Pearl Meyer & Partners, base salaries for Mr. Cestare and Mr. Gould were increased effective March 2012 by 2.5% to \$333,125 and 2.6% to \$229,500, respectively. The base salaries for the remaining named executive officers remain unchanged. See "*Executive Compensation—Summary Compensation Table*" for the base salaries paid to our named executive officers in 2011. See also "*Elements Used to Implement Our Compensation Objectives—Short-Term Cash-Based Compensation*" for detail on the individual performance measures for our named executive officers under our 2011 Management Incentive Plan.

- *Limited payments under our Short-term Cash-based Incentive Compensation Plan.* As a result of the Company's improved financial performance and satisfaction of individual/ division performance goals, certain named executive officers earned cash incentives under our 2011 Management Incentive Plan. Actual payouts generally ranged between 40% to 150% of target. See "*Elements Used to Implement Our Compensation Objectives—Short-Term Cash-Based Compensation*" for information on the 2011 performance measures and payments made (if any) to our named executive officers.
- *Continued use of equity awards.* In support of our annual equity award program, our named executive officers received stock option grants, grants of restricted stock and performance shares. The stock option grants and restricted stock awards vest over the passage of time and the performance shares vest only upon the achievement of specific Company performance measures. See "*Long-term Equity Compensation*" for the terms and conditions of the equity awards granted to our named executive officers. See also the benefits table under "*Executive Compensation – Grants of Plan Based Awards*" for detailed information on the equity awards granted to our named executive officers in 2011.

Option grants made to our named executive officers in 2008 and 2010 each have an exercise price that is higher than the current market value of our common stock. In addition, due to the economic and regulatory challenges facing the banking industry, the performance conditions set forth in the performance shares granted to our named executive officers in prior years have not been satisfied. See "*Long-Term Equity Based Compensation*" for additional information on the terms and conditions of the performance awards granted to our named executive officers. See the benefits table under "*Executive Compensation – Outstanding Equity Awards at Fiscal Year End*" for detail on the outstanding equity awards granted to our named executive officers as of December 31, 2011.

-
- *Extended term of employment agreements with certain named executive officers.* The Compensation Committee considered each executive's performance review for the 2011 fiscal year, his or her position in the Company and the agreement as a whole and elected to renew the employment agreements with Mr. Cuddy and Mr. Cestare for an additional year so that as of May 20, 2012 the term of the agreements will expire on May 20, 2014, unless otherwise extended by the Company or terminated sooner in accordance with the terms of the agreements. In connection with the Compensation Committee's review of Ms. Kassekert and Mr. Gould, the Compensation Committee recommended, and the Board of Directors approved, an amendment to the Kassekert and Gould employment agreements that eliminates the payment of severance in the event of termination of employment for reasons other than a change in control after May 20, 2013. In addition, the Compensation Committee approved an extension of the terms of the Kassekert and Gould employment agreements, as amended, so that as of May 20, 2012 the term of the Kassekert and Gould employment agreements, as amended, will expire on May 20, 2014, unless otherwise extended by the Company or terminated sooner in accordance with the terms of the agreements. The terms and conditions of our employment agreements are consistent with the agreements provided to senior officers in the thrift industry and reflect best practices, such as the exclusion of tax gross ups. See "*Employment Agreements*" for information on the agreements with our named executive officers.
 - *Enhanced clawback policy.* In accordance with best practices, all cash and stock-based incentive compensation granted in 2011 is subject to forfeiture in the event an award recipient alters, inflates or inappropriately manipulates the performance/ financial results of the Company or violates recognized ethical business standards. In addition, effective January 1, 2012, we established a clawback policy that incorporated the equity and cash based plan provisions and provided that in the event the Company is required to restate its financial statements due to material noncompliance of the Company's named executive officers with any financial reporting requirement under the United States federal securities law, the Company will seek to recoup from the named executive officers of incentive compensation payments made within three years of the accounting restatement.
 - *Implemented stock ownership and retention requirements.* Effective March 2011, we implemented a stock ownership and retention policy for our named executive officers and the Board of Directors. As of December 31, 2011, our named executive officers and Board of Directors made progress in satisfying the Company's stock ownership and retention requirements. See "*Stock Ownership Requirements*" for detailed information on our policy.
 - *Entered into agreements in connection with management transition.* Andrew Miller left Beneficial Mutual and its affiliates in May 2011 to pursue other business opportunities. In connection with his separation from service, the Company entered into a severance agreement with Mr. Miller. See "*Executive Compensation – Summary Compensation Table*" for information on Mr. Miller's severance payment. Mr. Gould assumed Mr. Miller's responsibilities as Chief Lending Officer in May 2011 and entered into a two year employment agreement with the Company at that time. The agreement is consistent with the agreements provided to our other named executive officers and included a \$20,000 lump sum signing bonus and a minimum \$30,000 guaranteed payment under the 2011 Management Incentive Plan.

- *Assessed compensation programs for risk.* We continued our annual risk assessment of our compensation and benefit programs to insure we maintain a balanced approach to risk.

Summary of Compensation Practices in 2011. Our named executive officers' fiscal 2011 compensation package consisted primarily of the following components (in addition to retirement, health and welfare plans and programs in which all of our full-time employees participate).

<u>Annual Compensation Component</u>	<u>Key Features</u>	<u>Purpose</u>	<u>Summary of Fiscal 2011 Actions</u>
Base Compensation	Salary adjustments are considered on an annual basis in consideration of market movement.	Provides a fixed amount of cash compensation for our named executive officers.	Base salaries adjusted for Mr. Cuddy, Mr. Cestare and Mr. Gould to reward individual performance and to maintain salaries at levels consistent with market.
Short-term Cash-based Incentive Compensation	Individual/division and Company performance goals. Payments made in cash and subject to clawback policy. The Compensation Committee has the authority to cancel, amend and modify the Management Incentive Plan. The Compensation Committee may also adjust awards in consideration of factors that may influence the safety and soundness of the organization.	Motivate and reward the achievement of Company and individual/division performance goals. Reinforces pay-for-performance philosophy.	Payouts were made to our named executive officers under the terms of their 2011 Management Incentive Plan scorecards.
Long-Term Equity-based Incentive Compensation	Program consists of stock options, time vested restricted stock and performance shares. Vesting of restricted stock is based on the following schedule: 60% after three years and 20% each year thereafter. Non-statutory stock options vest 20% per year over a five year period. Performance shares vest upon the achievement of certain Company financial performance measures. All awards are subject to our clawback policy.	Stock options support our growth strategy, link our named executive officers' compensation and our stock price and serve as a retention tool. The extended service requirement under the restricted stock awards serves as a retention tool. Performance awards encourage our management team to achieve our long-term financial goals.	Non-statutory stock options and restricted stock awards were granted to all the named executive officers. All named executive officers, also received a performance share grant that will vest in the future based on our financial performance relative to our peers.

Allocation Among Compensation Components

Under our present structure, base salary has represented a significant component of compensation for our named executive officers. However, our use of short-term cash incentives and equity compensation reflects the growing importance of performance-based compensation in our overall compensation structure. In 2011, 54% of Mr. Cuddy's total compensation was performance-based and the other named executive officers total performance-based compensation ranged between 0% and 61% of total compensation.

The allocation of base salary and performance-based compensation (short-term cash incentives and equity awards) varies depending upon the role of a named executive officer in our organization and their results.

Compensation Philosophy

We ground our compensation philosophy on four (4) basic principles:

- **Meeting the Demands of the Market** – Our goal is to compensate our employees at competitive levels that position us as the employer of choice among our peers who provide similar financial services in the markets we serve.
- **Aligning with Stockholders** – We use equity compensation as an additional component of our compensation mix to develop a culture of ownership among our named executive officers and to align their individual financial interests with the interests of our stockholders. Our policy of stock ownership and retention requires our named executive officers to aim or acquire Company common stock having a fair market value equal to a multiple of their base salary within a specific time period. See “*Stock Ownership Requirement*” for information on individual stock ownership targets.
- **Performance** – We believe that a significant amount of executive compensation should be performance-based. Therefore, our compensation program is designed to reward superior performance and encourage our executive officers to feel accountable for the Company’s financial performance and their individual performance. In order to achieve this, we have structured our short-term cash-based and equity programs to tie an executive’s compensation, in part, directly to Company and individual performance.
- **Reflecting our Business Philosophy** – Our approach to compensation reflects our values and the way we do business in the communities we serve.

The Compensation Committee has developed a compensation program for our named executive officers that reflects this philosophy and uses a full range of compensation elements to achieve its objectives. Our goal is to be a high performing company, therefore, the Compensation Committee has structured an executive compensation program that attracts and retains quality individuals and motivates and rewards them for strong performance.

Role of the Compensation Committee

The Compensation Committee is accountable for developing our executive compensation philosophy and making compensation decisions relating to our named executive officers. The Committee monitors the success of our program in achieving the objectives of our compensation philosophy. The Compensation Committee is also responsible for the administration of our compensation programs and policies, including the administration of our cash- and stock-based incentive programs.

The Compensation Committee operates under a written charter that establishes its responsibilities. The Compensation Committee and the Board of Directors review the charter annually to ensure that the scope of the charter is consistent with the Compensation Committee’s expected role. Under the charter, the Compensation Committee is charged with general responsibility for the oversight and administration of our compensation program. The charter vests in the Compensation Committee the sole responsibility for determining the compensation of the chief executive officer based on the Compensation Committee’s evaluation of his performance. The charter also authorizes the Compensation Committee to engage consultants and other professionals without management approval to the extent deemed necessary to discharge its responsibilities.

During 2011, the Compensation Committee met six times, including five executive sessions attended by Compensation Committee members only. Pearl Meyer & Partners, our independent compensation consultant, was present by teleconference or in person at one of the meetings. The current members of the Compensation Committee are Messrs. Frank A. Famesi (Chairman), Thomas J. Lewis, Edward G. Boehne, Roy D. Yates, Elizabeth H. Gemmill, and Thomas F. Hayes.

The Compensation Committee annually conducts a self assessment of its overall performance and regularly engages in education events either through its independent consultant or through attendance at banking industry events.

Role of the Compensation Consultant

The Compensation Committee engaged Pearl Meyer & Partners, an independent compensation consultant, to provide compensation data and recommendations that can be used to develop compensation programs that support our strategies as a public company. Pearl Meyer & Partners has provided consulting services in the areas of executive compensation, director compensation, short-term and long-term incentive plan design and best practices in light of the changes in the regulatory environment. Pearl Meyer & Partners also helped the Compensation Committee create a peer group of institutions for purposes of benchmarking total compensation for the Company's named executive officers and directors.

Role of Management

Our chief executive officer, in conjunction with representatives of the Compensation Committee and the Human Resources Department, develops recommendations regarding the appropriate mix and level of compensation for our named executive officers (other than himself). The recommendations consider the objectives of our compensation philosophy and the range of compensation programs authorized by the Compensation Committee. The chief executive officer meets with the Compensation Committee to discuss the compensation recommendations for the other named executive officers. Our chief executive officer does not participate in Compensation Committee discussions relating to the determination of his compensation.

Elements Used to Implement Our Compensation Objectives

We believe that we can meet the objectives of our compensation philosophy by achieving a balance among base salary, short-term incentives and long-term incentives that is competitive with our industry peers and creates appropriate incentives for our named executive officers. To achieve the necessary balance, our Compensation Committee works closely with the compensation consulting firm of Pearl Meyer & Partners and our Human Resources Department. See "*Role of Compensation Consultant*" for a detailed description of the services provided by Pearl Meyer & Partners.

Base Salary. The base salary of each named executive officer is reviewed on an annual basis in connection with the executive's performance review. Decisions regarding salary adjustments take into account an executive's current base salary, market practice and the role/contribution of the executive. Our goal is to maintain salary levels for the named executive officers at levels consistent with base pay received by those in comparable positions in the market. We obtain market information from a variety of sources, including survey data gathered by Pearl Meyer & Partners. See "*Benchmarking and Peer Group Analysis*" for information of the financial institutions and compensation survey sources used to benchmark base compensation levels. We also evaluate salary levels at the time of promotion or other change in responsibilities or as a result of specific commitments we made when a specific officer was hired. Individual performance and retention risk are also considered as part of our annual assessment. See "*Executive Compensation—Summary Compensation Table*" for salaries paid to our named executive officers in 2011.

Short-Term Cash-Based Incentive Compensation. Our 2011 Management Incentive Plan (“MIP”) is designed to recognize and reward plan participants for their contribution to our success. Our MIP measures both Company performance and individual/division performance when determining payouts under the MIP. In 2011, the Company performance measures included earnings per share, Tier 1 capital levels and efficiency ratio targets, which are core measures of profitability and efficiency of resources. The individual performance/division measures were specific to each participant’s job (e.g., strategic growth, lending growth, loan loss experience and deposit growth). The MIP provided each plan participant with a target incentive opportunity with the ability to earn more or less based on achievement of pre-determined performance goals. Target incentive opportunities reflect our philosophy of setting conservative annual incentives that are slightly below market practice to allow for a greater focus on long term incentive opportunities.

The table below summarizes the cash incentive opportunities for 2011:

<u>Position</u>	<u>2011 Incentive Targets (as a Percent of Base Salary)</u>		
	<u>Threshold Incentive Opportunity</u>	<u>Target Incentive Opportunity</u>	<u>Stretch Incentive Opportunity</u>
President and Chief Executive Officer	20%	40%	60%
Other Named Executive Officers	12.5%	25%	37.5%

The 2011 MIP was administered by the Compensation Committee with the assistance of the Human Resources Department. The Compensation Committee has sole discretion to adjust payouts under the 2011 MIP in the event of a change in market conditions, regulations or the Company’s business model. The Compensation Committee uses scorecards to evaluate each participant’s performance and determines the payout under the 2011 MIP. Incentive payouts earned under the 2011 MIP are subject to the Company’s clawback policy. In accordance with the terms of the 2011 MIP, a participant must be employed by the Company as of the date of distribution of the incentive award in order to be eligible for a payout under the plan.

The following scorecards set forth the Compensation Committee’s assessment of each named executive officer (eligible to receive a payout under the MIP) in relation to the 2011 individual/division and Company performance measures. The scorecards list each performance goal and the weight given to the achievement of each goal. The scorecards also illustrate the threshold, target and stretch levels and note the actual achievement of the performance measures and the corresponding 2011 MIP payouts. All dollar amounts are in thousands, unless otherwise noted.

Long-Term Equity-Based Incentive Compensation. In order to directly align the interests of our executives to the interests of our stockholders, equity awards make up a significant portion of our named executive officer's total compensation package. Our 2008 Equity Incentive Plan allows our Compensation Committee to make an annual determination as to who will receive equity awards, the type of awards, vesting conditions and level of the award. Our annual equity award program is not typical in the thrift industry. Most converted thrift institutions (e.g. mutual holding companies that have minority shareholder ownership) typically structure equity awards as large, one-time grants to senior executive officers at the time the equity incentive plan is implemented. We have structured our long-term incentive program more in line with best practices of larger fully public peers, by providing small annual grants (rather than one time awards) and including performance shares (which is rare among converted thrifts). Accordingly, the upside potential of our equity awards will not be realized by our name executive officers unless specific performance goals are achieved and our stock price increases. See *"Executive Compensation—Grants of Plan-Based Awards"* for detailed information on the equity awards granted during the 2011 fiscal year. Time vested restricted stock awards granted to our named executive officers in 2011 vest 60% after 3 years of service and 20% for each year of service thereafter. All non-statutory stock options vest 20% per year over a five year period.

In line with our goal to have a leading edge long-term incentive program consistent with our fully public peers, we continue to evolve our programs consistent with emerging best practice. As a result our Compensation Committee, with the support of our management team and guidance from Pearl Meyers & Partners is working to restructure our long-term incentive program for our named executive officers in 2012 to place greater focus on long-term incentives and equity ownership. Stock options, restricted stock and performance shares will continue to be elements of the program, although performance will be defined more broadly and features such as deferral of awards will be included to align executives' long-term stock ownership and wealth accumulation with that of shareholders.

Benchmarking and Peer Group Analysis

The cornerstone of our compensation philosophy is the maintenance of a competitive compensation program. The Compensation Committee's independent consultant conducts competitive benchmarking as a reference for setting pay program guidelines and assessing pay-performance alignment. The consultant also provides data on benefit practices and compares Beneficial's performance relative to peers on several key financial metrics. This provides the Committee with a broad array of information from which to assess the effectiveness of its current programs and serve as a foundation for decisions.

A primary data source used in the competitive assessment for the named executives officers is information disclosed by a peer group of other publicly traded banks. This peer group is developed by Pearl Meyer & Partners using objective parameters that reflect banks of similar asset size and located in the Northeast/Mid Atlantic region (i.e. banks from CT, DE, NJ, PA, NY, excluding Manhattan). In addition to the proxy peer group, the consultant used several other sources of published industry compensation data. Survey sources included: Pearl Meyer & Partners' Northeast Banking Compensation Survey Report and the 2010/2011 Towers Watson Financial Services Survey Suite using scope cuts closest to Beneficial's asset size. Beneficial's positions were matched to proxy and survey sources based on similarity of role.

Pearl Meyer & Partners developed our peer group in 2010. Our peer group was originally selected to consist of banks approximately one-half to two times our asset size (a common metric for valuing compensation in the banking industry) and in the region described above. The Compensation Committee reviews our peer group with Pearl Meyer & Partners on an annual basis to ensure that our peer group consists of financial institutions with similar business models and demographics.

In 2011 we used the same peer group used by the Compensation Committee in 2010. This was still appropriate and provided greater consistency for comparisons. Our peer group continued to include 18 publicly-traded financial institutions ranging between \$2.5 billion and \$10.0 billion in asset size, in the states mentioned above. Beneficial's asset size was slightly above median of \$4.2 billion in assets. Below are the banks used in the 2011 review:

Employment Agreements

We maintain employment agreements with Mr. Cuddy, Mr. Cestare, Mr. Gould and Ms. Kassekert. In addition to outlining the terms and conditions of employment, our current employment agreements also ensure the stability of our management team by providing the executives with financial protection if an executive is terminated in connection with a change in control of the Company or in the event an executive is involuntarily terminated by the Bank or the Company for reasons other than Cause (as defined in the employment agreements). The terms and conditions of our employment agreements are consistent with the agreements provided to senior officers in the thrift industry and reflect best practices, such as the exclusion of tax gross ups. See "*Executive Compensation—Employment Agreements*" and "*Potential Post-Termination Payments*" for a detailed discussion of the terms of the employment agreements and the benefits provided upon termination of service for Messrs. Cuddy, Cestare and Gould and Ms. Kassekert.

The Compensation Committee reviews each contracted officer's performance and his employment agreement on an annual basis for purposes of determining whether to extend the term of the agreement for an additional year. The Compensation Committee's decision to extend the term of an agreement with a named executive officer is discretionary and reflects its evaluation of the executive's role in the Company and his or her overall job performance.

In addition, the Bank and Beneficial Insurance Services, LLC maintain a senior management agreement with Robert Bush that was entered into in connection with the acquisition of Paul Hertel & Co. in 2005. The management agreement, along with Mr. Bush's employment agreement with the Company and the Bank contain certain post-termination restrictive covenants. See "*Executive Compensation – Employment and Management Agreements*".

Tax and Accounting Considerations

In consultation with our advisors, we evaluate the tax and accounting treatment of each of our compensation programs at the time of adoption and on an annual basis to ensure an understanding of the financial impact of the program. Our analysis includes a detailed review of recently adopted and pending changes in tax and accounting requirements. As part of our review, we consider modifications and/or alternatives to existing programs to take advantage of favorable changes in the tax or accounting environment or to avoid adverse consequences. To preserve maximum flexibility in the design and implementation of our compensation program, we have not adopted a formal policy that requires all compensation to be tax deductible. However, to the greatest extent possible, it is our intent to structure our compensation programs in a tax efficient manner. When making grants under the 2008 Equity Incentive Plan, the Compensation Committee considers the tax implications of the awards, therefore all stock options granted under our equity plan, since its implementation, have been non-statutory stock options.

Retirement Benefits; Employee Welfare Benefits

All of our named executive officers are eligible to participate in the tax-qualified retirement plans available to Beneficial Mutual Savings Bank employees. This includes the Beneficial Mutual Savings Bank Employee Savings and Stock Ownership Plan (“KSOP”) and for those executives employed by Beneficial Mutual Savings Bank prior to June 30, 2008, the Employees’ Pension and Retirement Plan of Beneficial Mutual Savings Bank (“Pension Plan”). The Pension Plan was frozen effective June 30, 2008 in connection with the restructuring of our retirement program. Our KSOP enables our named executive officers to supplement their retirement savings with elective deferral contributions that we match at specified levels.

The KSOP also provides for additional discretionary employer contributions based on a percentage of participant compensation, subject to the Internal Revenue Code contribution limits.

In addition to our tax-qualified retirement plans, we also maintain non-qualified arrangements for certain named executive officers. Messrs. Cuddy, Miller and Bush all participate in the Beneficial Mutual Savings Bank Supplemental Pension and Retirement Plan and Mr. Miller maintained a Salary Continuation Agreement with Beneficial Mutual Savings Bank and participated in the Transition Credit Retirement Plan for Designated Employees prior to his termination of employment in May 2011. See “*Executive Compensation – Pension Benefits – Supplemental Pension and Retirement Plan*” and “*Executive Compensation – Pension Benefits – Salary Continuation Arrangements*” and “*Executive Compensation – Non-Qualified Deferred Compensation – Transition Credit Retirement Plan for Designated Employees*” for a detailed description of these arrangements. We also provide our executives with a vehicle to defer a portion of their income on a non-tax-qualified basis through our cash and/or stock-based deferral plans, however, none of the named executive officers participated in these plans in 2011.

In addition to retirement programs, we provide our employees with coverage under medical, life insurance and disability plans on terms consistent with industry practice.

The Compensation Committee reviews our retirement programs on an annual basis with due consideration given to prevailing market practice, overall executive compensation philosophy and cost to Beneficial Mutual Savings Bank.

Perquisites

We annually review the perquisites that we make available to our named executive officers. The primary perquisites for senior managers include an automobile allowance and certain club dues. See *Footnote 4 to "Executive Compensation— Summary Compensation Table"* for detailed information on the perquisites provided to our named executive officers.

Stock Compensation Grant and Award Practices; Timing Issues

Our Compensation Committee considers whether to make equity awards to officers and directors on an annual basis and in connection with new hires and promotions. The Compensation Committee considers the recommendations of our chief executive officer and other executive officers with respect to awards contemplated for their subordinates. The Compensation Committee also consults with Pearl Meyer & Partners to insure our equity award program is competitive with our peer group. The Compensation Committee is solely responsible for the development of the schedule of equity awards made to our chief executive officer and the other named executive officers.

As a general matter, the Compensation Committee's process is independent of any consideration of the timing of the release of material non-public information, including with respect to the determination of grant dates or stock option exercise prices. Similarly, we have never timed the release of material non-public information to affect the value of executive compensation. In general, the release of such information reflects long-established timetables for the disclosure of material non-public information such as earnings reports or, with respect to other events reportable under federal securities laws, the applicable requirements of such laws with respect to timing of disclosure. The Compensation Committee's decisions are reviewed and ratified by the full Board of Directors.

The terms and conditions of each equity award are determined in accordance with the applicable provisions of our equity incentive plan. The Compensation Committee has structured our current equity program to include the grant of non-statutory stock options, performance shares and restricted shares. All director awards (non-statutory stock options and restricted stock awards) vest at a rate of 20% per year, beginning on the first anniversary date of the grant date of the award. All stock options granted to our named executive officers vest at a rate of 20% per year commencing on the first anniversary of the grant date and restricted stock awards vest over a 5 year period with 60% of the award vesting on the third anniversary and 20% of the award vesting each year thereafter. All stock options and stock awards granted under the equity plan become 100% vested upon an award recipient's death, disability or a change in control. The performance share awards granted to our named executive officers vest upon the satisfaction of certain financial benchmarks determined by the Compensation Committee. For purposes of the performance awards granted in 2008, 2009, 2010 and 2011, the Compensation Committee established a goal that requires the Company to achieve a return on average assets of not less than 1% by the fifth full fiscal year following the date of grant. If at the end of the measurement period the Company has not achieved the return on average assets target, the new benchmark for vesting purposes is attaining a return on average assets that is sufficient to put the Company in the top quartile of thrifts nationwide with assets between \$1 billion and \$10 billion based on return on average assets. If neither performance benchmark is reached by the fifth full fiscal year following the grant date, all shares subject to the performance award are forfeited. See *"Executive Compensation – Outstanding Equity Awards at Fiscal Year End"* for detail on the outstanding equity awards granted to our named executive officers as of December 31, 2011.

In accordance with our equity plan, the Compensation Committee may grant stock options only at or above fair market value, which is defined as the closing sales price of our common stock on the Nasdaq Global Select Market on the date of grant.

Stock Ownership Requirements

We implemented a stock ownership and retention policy in March 2011 for our named executive officers and the Board of Directors. Under the terms of our policy, our Chief Executive Officer/President is expected to own or acquire Company stock having a fair market value equal to three (3) times his base salary. All other named executive officers are expected to own or acquire Company common stock having a fair market value at one (1) times each officer's base salary. Each named executive officer's individual stock ownership requirement has based on his or her salary as of March 17, 2011 and will not change due to a change in base salary or fluctuation in the Company's stock prices. However, the Corporate Governance Committee, may, from time to time, re-evaluate or revise the guidelines for corporate reasons. Non-employee directors of the Company are expected to own or acquire Company common stock having a fair market value of ten (10) times the annual retainer received by each director for services rendered as a director of the Company. All individuals subject to the stock ownership and retention policy have five (5) years from appointment as a named executive officer or director (whichever is applicable) or within five (5) years of March 17, 2011, whichever is later, to satisfy the stock ownership guidelines. Shares counted towards the ownership requirements include shares of Company common stock purchased in the open market, owned outright by an individual, or members of his or her immediate family residing in the same household, whether held individually or jointly, restricted stock granted under the Company's equity plans, shares held in trust or by a limited family partnership and shares acquired through the Beneficial Mutual Savings Bank KSOP. Failure to meet, or in unique circumstances to show sustained progress toward meeting the stock ownership guidelines, may result in a reduction in future long-term incentive grants and/or payment of future annual incentives in the form of stock. In addition to stock ownership requirements, the Company also established a mandatory holding period of six (6) months for stock acquired under the Company's equity incentive plan. Once stock ownership goals are achieved, the ownership requirement amount should be maintained for as long as an individual is subject to the stock ownership guidelines.

Clawback Policy

Our stock-based and cash-based incentive plans provide that if our Board of Directors determines that a named executive officer alters, inflates or inappropriately manipulates the performance/financial results of Beneficial Mutual Bancorp or violates recognized ethical business standards the Board will, to the extent permitted by applicable law, seek recoupment from that named executive officer of any portion of performance-based compensation (cash or stock) paid to the named executive officer. Effective January 1, 2012, we adopted a clawback policy that incorporates the plan provisions and further states that if a named executive officer engages in fraud or willful misconduct that causes or otherwise contributes to the need for a material restatement of our financial results, the Board of Directors will direct the Compensation Committee to review all performance-based compensation awarded to or earned by that named executive officer during three year period prior to the fiscal periods materially affected by the restatement. If, in the Compensation Committee's view, the performance-based compensation would have been lower if it had been based on the restated results, the Board will, to the extent permitted by applicable law, seek recoupment from that named executive officer of any portion of such performance-based compensation as it deems appropriate after a review of all relevant facts and circumstances.

The Compensation Committee will monitor our clawback policy as further guidance is released by the U.S. Securities and Exchange Commission as part of the Dodd-Frank Act.

- (1) Reflects the grant date fair value calculated in accordance with FASB ASC Topic 718 on outstanding restricted stock awards for each of the named executive officers. The amounts were calculated based on the Company’s stock price as of the date of grant as follows: (i) \$8.38 for all 2011 restricted stock awards; (ii) \$10.00 for 2010 restricted stock awards for Mr. Cestare and \$9.70 for all other 2010 restricted stock awards; and (iii) \$8.35 for all 2009 restricted stock awards. When shares become vested and are distributed from the trust in which they are held, the recipient will also receive an amount equal to accumulated cash and stock dividends (if any) paid with respect thereto, plus earnings thereon.
- (2) Reflects the grant date fair value calculated in accordance with FASB ASC Topic 718 for outstanding stock option awards for each of the named executive officers based upon a fair value for each option using the Black-Scholes option pricing model as follows: (i) \$3.29 for all 2011 option awards; (ii) \$3.45 for 2010 option awards for Mr. Cestare and \$3.56 for all other 2010 option awards; and (iii) \$2.94 for all 2009 option awards. The Company uses the Black-Scholes option pricing model to estimate its compensation cost for stock options awards. For further information on the assumptions used to compute fair value, see Note 17 to the Notes to the Consolidated Financial Statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2011. The actual value, if any, realized by a named executive officer from any option will depend on the extent to which the market value of the common stock exceeds the exercise price of the option on the date the option is exercised. Accordingly, there is no assurance that the value realized by a named executive officer will be at or near the value estimated above.
- (3) Represents the actuarial change in pension value in the executives’ amounts during the years ended December 31, 2011, 2010 and 2009 under the Beneficial Mutual Savings Bank Employees’ Pension and Retirement Plan, the Beneficial Mutual Savings Bank Supplemental Pension and Retirement Plan and the life insurance portion of each executive’s salary continuation agreement. Employment and Management Agreements

The Company and the Bank maintain two year employment agreements with Gerard P. Cuddy, Thomas D. Cestare, James E. Gould and Denise Kassekert. The current base salaries under the employment agreements with Messrs. Cuddy, Cestare and Gould and Ms. Kassekert are \$550,000, \$333,125, \$229,500 and \$280,800, respectively.

Each employment agreement permits the Company and the Bank, in their sole discretion, to renew the term of the agreements for an additional year (each year), in connection with the officer's annual performance reviews, so that the term of the employment agreements remain at two years. See "*Compensation Discussion and Analysis – Compensation Highlights*" for information on contract renewal in connection with 2011 job performance reviews. The employment agreements provide for, among other things, a minimum annual base salary, eligibility to participate in employee benefit plans and programs maintained by the Company and the Bank for the benefit of their employees, including discretionary bonuses, incentive compensation programs, participation in medical, dental, pension, profit sharing, retirement and stock-based compensation plans and certain fringe benefits applicable to executive personnel. The employment agreements also contain a provision that prohibits an executive from competing with the Company or the Bank in the event the executive's employment is terminated for reasons other than a change in control.

In addition, the Bank and Beneficial Insurance Services, LLC entered into a Senior Management Agreement with Robert J. Bush in connection with Beneficial Insurance Services, LLC's acquisition of Paul Hertel & Co. in 2005. The agreement provided that Mr. Bush is an at will employee of Beneficial Insurance Services, LLC and is subject to certain non-compete, confidentiality and non-solicitation restrictions. The non-competition restrictions will expire on March 23, 2014 (two years following Mr. Bush's termination of employment with the Bank) and the non-solicitation restrictions will expire on March 23, 2017 (five years after Mr. Bush's termination of employment with the Bank). Mr. Bush's employment agreement with the Company and the Bank contains similar restrictive covenants.

See "*Potential Post-Termination Payments*" for a discussion of the benefits and payments each executive may receive under the employment or management agreement upon termination of employment.

- (1) Represents the number of years of credited service used only to determine the benefit under the pension plan. Years of credited service were frozen at June 30, 2008.
- (2) The present value of each executive's accumulated benefit assumes normal retirement (age 65), the election of a single life form of pension and is based on a 4.55% discount rate for the Employees' Pension and Retirement Plan and 4.25% for the Supplemental Pension and Retirement Plan.
- (3) As of December 31, 2010, the Employees' Pension and Retirement Plan of Beneficial Mutual Savings Bank and the Farmers & Mechanics Bank Restated Pension Plan were merged into one plan entitled the Beneficial Mutual Savings Bank Consolidated Pension Plan. The merger of the plans did not impact participant benefits.
- (4) The maximum years of service credit for the salary continuation agreements is 25. The executive's benefit is determined in accordance with the terms of the salary continuation agreement.

Consolidated Pension Plan. The Employees' Pension and Retirement Plan of Beneficial Mutual Savings Bank and the Farmers & Mechanics Bank Restated Pension Plan were merged into one plan entitled the Beneficial Mutual Savings Bank Consolidated Pension Plan as of December 31, 2010. The merger of the plans did not impact participant benefits. The Employees' Pension and Retirement Plan of Beneficial Mutual Savings Bank was frozen effective June 30, 2008. The frozen plan provides that an active participant may retire on or after the date the participant attains age 65 and upon retirement, after twenty-five accrual years of service as a participant, receive a monthly pension in the form of a straight life annuity equal to 50% of his or her average monthly compensation. If the participant's service is less than 25 years, his or her pension will be adjusted by the ratio of service to 25 years. After attainment of age 55 and the completion of five years of service, an active participant may elect early retirement. Upon early retirement a participant will be entitled to receive his or her accrued pension commencing on his or her normal retirement date or, if the participant desires, he or she may elect to receive a reduced pension which can commence on the first day of the month concurrent with or next following the participant's early retirement date. If the employment of an active participant is terminated because of total and permanent disability, the participant will be entitled to receive a disability pension equal to the participant's accrued pension, without actuarial reduction, commencing on the date the participant terminates employment due to disability and continuing until his death or until recovery from his total and permanent disability, if prior to age 65.

Participants generally have no vested interest in retirement plan benefits prior to the completion of five years of service. Following the completion of five years of vesting service, or in the event of a participant's attainment of age 65 (or the fifth anniversary of participation in the plan, if later), death or termination of employment due to disability, a participant will become 100% vested in his or her accrued benefit under the retirement plan. The retirement plan provides that a participant may receive, subject to certain spousal consent requirements, his or her pension benefit in any of the following forms: (i) a life annuity, (ii) a reduced life annuity for the participant's life with 120 monthly payments guaranteed if the participant dies prior to receiving the 120 payments, (iii) a 100%, 75% or 50% joint and survivor annuity, or (iv) a lump sum distribution if the value of the accrued pension benefit is less than \$5,000.

Supplemental Pension and Retirement Plan. The Supplemental Pension and Retirement Plan of Beneficial Mutual Savings Bank provides benefits which would have been payable to certain officers under the Bank's Employees' Pension and Retirement Plan but for certain IRS limitations. Upon termination of employment with the Bank a participant is eligible to receive benefits under the Supplemental Pension and Retirement Plan equal to the excess, if any, of (i) the benefits which would have been payable to the participant commencing on the first day of the month coincident with or next following the attainment of age 65 under the Pension Plan in the form of a single life annuity, but for the limitations imposed by the Internal Revenue Code, based on a participant's compensation and service with Beneficial Bank through June 30, 2008, over (ii) the accrued benefits actually payable under the Pension Plan commencing on the first day of the month coincident with or next following the attainment of age 65 in the form of a single life annuity. In the event of the death of a participant prior to the commencement of benefits under the Pension Plan and in the event the participant's spouse or beneficiary is entitled to a survivor's benefit under the Pension, the spouse or beneficiary shall receive a benefit under the Supplemental Pension and Retirement Plan.

Salary Continuation Arrangements. Beneficial Bank maintained a salary continuation agreement with Mr. Miller to provide him with additional compensation at retirement at or after attaining age 65, or upon termination of employment by reason of death.

Non-Qualified Deferred Compensation

Mr. Miller participated in the Bank's Transition Credit Retirement Plan for Designated Employees prior to his termination of employment in 2011. The following table discloses contributions and distributions made under the Bank's Transition Credit Retirement Plan for Designated Employees for Mr. Miller in 2011, along with the earnings and balances on Mr. Miller's account as of December 31, 2011. No other named executive officer participates in the Transition Credit Retirement Plan or any other non-qualified defined contribution plan sponsored by the Company or the Bank.

Potential Post-Termination Payments

Payments Made Upon Termination for Cause. Under the terms of the employment agreements with Messrs. Cuddy, Cestare and Gould and Ms. Kassekert, if any of the executives is terminated for cause, he or she will receive his or her base salary through the date of termination and retain the rights to any vested benefits subject to the terms of the plan or arrangement under which those benefits are provided. In addition, a termination for cause will also result in the forfeiture of all unvested stock awards (time-based and performance) and vested stock options that have not been exercised. Further, participants in the Bank's 2011 Management Incentive Plan will forfeit all rights to incentive opportunities as a result of termination for cause.

Payments Made Upon Termination Without Cause or for Good Reason. If the Bank or the Company terminates an executive's employment for reasons other than for cause or a change in control, or if an executive resigns from the Bank or the Company after specified circumstances set forth in the agreements that would constitute constructive termination, the employment agreements provide that the executive or, if the executive dies, his or her beneficiary, would be entitled to receive two (2) times the sum of the executive's (i) current base salary and (ii) the most recent bonus paid. The severance benefit would be paid ratably over a two-year period. In addition, the executive would be entitled to receive, for the 24-month period following his or her termination date, medical, dental and life insurance coverage. The employment agreements with Mr. Gould and Ms. Kassekert were amended to phase out this severance benefit as of May 20, 2013. If the Bank or the Company terminates its employment relationship with Messrs. Cuddy, Cestare, Gould or Ms. Kassekert during the term of their employment agreements for reasons other than cause or a change in control, the executive must adhere to a one-year non-competition restriction.

In the event the executives terminate employment without cause or for good reason they will forfeit all unvested stock awards, performance awards and stock options.

Participants in the Bank's 2011 Management Incentive Plan must be employed by the Bank on the date the benefits are distributed. Therefore, if a participant terminates employment without cause or for good reason prior to payment under the 2011 Management Incentive Plan, all rights to plan benefits are forfeited.

Payments Made Upon Disability. The employment agreements provide each executive with a disability benefit equal to two-thirds of the executive's bi-weekly rate of base salary as of his or her termination date. An executive will cease to receive disability payments upon the earlier of: (1) the date the executive returns to full-time employment; (2) the death of the executive; (3) the executive's attainment of age 65; or (4) the date the employment agreement would have expired had the executive's employment not terminated by reason of the executive's disability. In addition, the executive would continue to be covered, to the greatest extent possible, under all benefit plans in which the executive participated before his or her disability as if he or she were actively employed by us. Disability payments are reduced by any disability benefits paid to an executive under any policy or program maintained by the Bank.

In the event an executive terminates employment due to disability, he or she will vest 100% in all unvested stock awards and stock options.

If a participant in the Bank's 2011 Management Incentive Plan terminates his or her service with the Bank due to a disability, his or her award will be prorated based on the period of active employment with the Bank.

Payments Made Upon Death. Under the employment agreements, the executive's estate is entitled to receive any salary and bonus accrued but unpaid as of the date of the executive's death.

In the event a participant in the Bank's 2011 Management Incentive Plan dies, his or her estate will receive the prorated portion of the participant's award as of his or her date of death.

Payments Made Upon a Change in Control. Following a change in control of the Bank or the Company, under the terms of the employment agreements, if an executive voluntarily terminates (upon circumstances discussed in the agreement) or involuntarily terminates employment, the executive or, if the executive dies, the executive's beneficiary, would be entitled to receive a severance payment equal to three (3) times the sum of the executive's (i) base salary and (ii) most recent bonus paid by the Company and/or the Bank. In addition, the executive would also be entitled to continued medical, dental and life insurance coverage for the executive and his dependents for 36 months following his termination of employment. Mr. Cuddy would also be entitled to continue his club memberships for 36 months following his termination of employment at no cost to him.

Section 280G of the Internal Revenue Code provides that severance payments that equal or exceed three times an individual's base amount are deemed to be "excess parachute payments" if they are contingent upon a change in control (the "Section 280G Limitation"). An individual's base amount is equal to an average of the individual's Form W-2 compensation for the five years preceding the year a change in control occurs (or such lesser number of years if the individual has not been employed for five years). Individuals receiving excess parachute payments are subject to a 20% excise tax on the amount of the payment in excess of the base amount, and the employer may not deduct such amount for federal tax purposes. The employment agreements limit payments made to the executives in connection with a change in control to amounts that will not exceed the limits imposed by Section 280G.

Under the terms of the Bank's KSOP, upon a change in control (as defined in the plan) the plan trustee will repay in full any outstanding acquisition loan and all remaining shares held in the loan suspense account after repayment will be allocated to participants as set forth in the plan.

In the event the executives terminate employment in connection with a change in control, they will vest 100% in all unvested stock awards and stock options.

Payments Upon Retirement. In addition to the tax-qualified retirement benefits and non-qualified retirement benefits set forth in “—Pension Benefits” above, participants in the Bank’s Management Incentive Plan who retire from the Bank will receive a prorated payout based on the period of the participant’s active employment only.

All payments under the Elective Deferred Compensation Plan and the Stock-Based Deferral Plan will be made in accordance with the form and timing elections made at the time of each executive’s deferral election.

Potential Post-Termination Benefits Tables. The amount of compensation payable to each named executive officer upon termination for cause, termination upon an event of termination, change in control followed by termination of employment, disability, death and retirement is shown below. The amounts shown assume that such termination was effective as of December 31, 2011, and thus include amounts earned through such time and are estimates of the amounts that would be paid out to the executives upon their termination. The amounts do not include the executive’s account balances in the Bank’s tax-qualified retirement plans to which each executive has a non-forfeitable interest. The amounts shown relating to unvested options and awards are based on the fair market value of the Company’s common stock on December 31, 2011, which was \$8.36. The actual amounts to be paid out can only be determined at the time of such executive’s separation from the Company. Mr. Miller was not employed by the Company or the Bank at December 31, 2011. Accordingly, a post-termination benefit table has not been provided for Mr. Miller.

The following table provides the amount of compensation payable to Mr. Cuddy in each of the circumstances listed below.

On January 24, 2012, Mr. Bush advised the Company and the Bank that he would be leaving the employ of the Company and the Bank. Mr. Bush's last day of employment with the Company and the Bank was March 23, 2012. Mr. Bush is not entitled to any post-termination benefits in connection with his termination of employment (other than those provided under the Bank's tax-qualified and non-tax-qualified retirement plans in which he participates). All of Mr. Bush's unvested equity awards were forfeited as of March 23, 2012.

OTHER INFORMATION RELATING TO DIRECTORS AND EXECUTIVE OFFICERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than 10% of any registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. These individuals are required by regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of the reports it has received and written representations provided to the Company from the individuals required to file the reports, the Company believes that each of its executive officers and directors has complied with applicable reporting requirements for transactions in Company common stock during the fiscal year ended December 31, 2011, except for the failure by Charles Kahn, Jr. to file a timely Form 4 with respect to the acquisition of shares in November 2011.

Transactions with Related Persons

The Sarbanes-Oxley Act of 2002 generally prohibits loans by the Company to its executive officers and directors. However, the Sarbanes-Oxley Act contains a specific exemption from such prohibition for loans by the Bank to its executive officers and directors in compliance with federal banking regulations. Federal regulations require that all loans or extensions of credit to executive officers and directors of insured financial institutions must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and must not involve more than the normal risk of repayment or present other unfavorable features. The Bank is therefore prohibited from making any new loans or extensions of credit to executive officers and directors at different rates or terms than those offered to the general public. Notwithstanding this rule, federal regulations permit the Bank to make loans to executive officers and directors at reduced interest rates if the loan is made under a benefit program generally available to all other employees and does not give preference to any executive officer or director over any other employee, although the Bank does not currently have such a program in place.

Pursuant to the Company's Audit Committee charter, the Audit Committee periodically reviews, no less frequently than quarterly, a summary of the Company's transactions with directors and executive officers of the Company and with firms that employ directors, as well as any other related person transactions, for the purpose of recommending to the disinterested members of the Board of Directors that the transactions are fair, reasonable and within Company policy and should be ratified and approved. Also, in accordance with banking regulations and its policy, the Board of Directors reviews all loans made to a director or executive officer in an amount that, when aggregated with the amount of all other loans to such person and his or her related interests, exceed the greater of \$25,000 or 5% of the Company's capital and surplus (up to a maximum of \$500,000) and such loan must be approved in advance by a majority of the disinterested members of the Board of Directors. Additionally, pursuant to the Company's Code of Ethics and Business Conduct, all executive officers and directors of the Company must disclose any existing or potential conflicts of interest to the President and Chief Executive Officer of the Company. Such potential conflicts of interest include, but are not limited to, the following: (1) the Company conducting business with or competing against an organization in which a family member of an executive officer or director has an ownership or employment interest and (2) the ownership of more than 5% of the outstanding securities or 5% of total assets of any business entity that does business with or is in competition with the Company.

The aggregate amount of loans by the Bank to its executive officers and directors and their affiliates was \$201,578 at December 31, 2011. As of that date, these loans were performing according to their original terms. The outstanding loans made to our directors and executive officers and their affiliates were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank, and did not involve more than the normal risk of collectibility or present other unfavorable features.
